We hope this letter finds you well.

There have been remarkable new advancements in hearing technology. New digital hearing aids are discreet and easier to wear. They are significantly better-performing, especially when watching TV, talking on the phone, or having a conversation in noisy environments. We want to ensure you are aware of the exciting new opportunities available to you.

Please join us to hear the new sound of technology!

What to Expect:

***Evaluation:** Has your hearing changed since we last met? Find out with a FREE Annual Hearing Screening.

***Adjustments:** Jot down any concerns or problems you have been having with your hearing. We will address your concerns and clean your current hearing instruments at no cost.

***Demonstration:** See and hear the difference for yourself. Review the exciting changes from our top manufacturers.

***Risk-Free Trial:** Take new technology home to see how they work in the real world.

Come and Experience the Difference!

We know you will be impressed by the noticeably positive difference that new technology can make in your life. We look forward to hearing from you soon! Appointments are limited, so please call us to make your appointment: 989-705-2100.

Yours for better Hearing,
